## DUNIYA HAIR OIL.

READ, READ, READ AND KINDLY SHOW IT TO YOUR FRIENDS.

No other recommendation is required as thousands are using it and have approved of it. It is very useful for the hair growth and makes the hard hair soft. It destroys all small worms like lice and dandruff on the head. Besides it keeps the brain cool and removes all sorts of minor eye diseases due to heat. Use one bottle of this oil and convince yourself of its wonderful merits.

Round bottle, Re. 0-12-0.

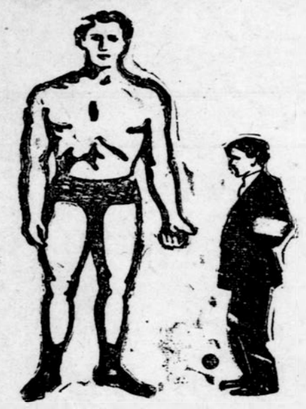
## A Millionaire . . Turned a . . Beggar . . .



It seems ridiculous how that can be possible for a man with fortune to turn into a beggar, and it will interest every person. It is an established fact that once a man through wasting disease wasted his money and life. He went on spending from one to a million, with what result he turned a beggar and incurable. He became worse, the more he tried medical men; at last he was hopeless. The disease turned into a complication. A poor man who just finding himself weak and unfit for work; you know what he did, he just through one of his best friend's advice, started taking "Dr. McPHAEL'S NERVO-VILATO PILLS," the world renowned tonic and the body developer. He from a bone and skeleton, turned a giant as you will see the figure above. You will be the same. Try a course of six bottles for Rs. 20—obtainable everywhere. If your Chemists cannot supply, "CASH CHEMISTS," Fort, Bombay, will supply post paid to any part of India, a course of six for Rs. 20.

a masterly picturization of Ouida's internationally famous novel, starring the celebrated Star Theda Bara, and conducted by the greatest Cinema magnate, William Fox.

The Episode of "CIGARETTE," a dainty, plucky Daughter of the Regiment in Algeria, falling in love with an English Officer, and eventually sacrificing her own sweetself to save her lover from an unjust death-sentence, is so charmingly portrayed in this wonderful Film, that it challenges description.

and the name will ring in your ears for months to come. The scenario, as is usual in all Fox Film productions, is simply marvellous. The Military and Oriental Costumings and settings are chronologically accurate in all details. "Cigarette" captivates you by her daring feats of riding, and her charming interpretation of a fearless, frolicsome pet amongst weather-beaten, rough soldiers.

Know for certain—it is a heart-touching, splendid, wonderful Picture you ever can hope to see.

**Actina Cures Deafness.**

Not merely improves the sense of hearing temporarily as do Electrophones, Ear Drums, etc., but really cures the disease permanently. The secret of Actina's success is that it removes the cause of the disease and that is where it differs from all other treatments.

The principal cause of Deafness is Catarrhal Inflammation of the throat and middle ear and until this is removed the hearing cannot be restored. The powerful vapours emanating from Actina inhaled through the mouth and nostrils and applied to the eye, course through the delicate nerves and blood-vessels, removing Congestion, stimulating and invigorating and restoring the organs to their normal healthy activity

Actina is the surest, simplest and most natural cure for Deafness and is just as effective in other Catarrhal diseases, such as Eye Troubles: Hay Fever: Asthma: Bronchitis: Headache: Sore Throat: Influenza, &c Costing only Rs. 25-8 (plus postaged etc.) this wonderful instrument should find a place in every home. Booklet entitled : Prof Wilson's Treatise on Disease," containing useful health advice and full particulars of our Conditional Trade Offer, post free on request. Write to-day to Actina (B.C.) ## BOMBAY MARKETS.

### COTTON.

(From our Commercial Correspondent.)

Nov. 28.

During the past week we have seen wide fluctuations in the local market. At the beginning of the week the market was partially closed for the Armistice holidays, but speculators were falling over one another in their desire to sell, and Fully Good Broach April-May dropped to Rs. 550. Thereafter fluctuations of Rs. 25 to Rs. 30 occurred in a single day, but the price gradually advanced to Rs. 590. On Tuesday the rate after touching Rs. 610 declined to Rs. 587 and closed at Rs. 593. Wednesday was a holiday and the market was entirely closed. Yesterday the opening price was Rs. 592 and after dropping to Rs. 575 the close was Rs. 580. To-day the market opened at Rs. 565 irregular, and closing quotations are given below.

The market has been very nervous and easily affected one way or the other since the abovementioned drop. Sentiment in the bazaar has been bearish, and the decline in piece goods and shares, and the predictions of astrologers, have had more effect on speculators than the actual position of cotton or the fluctuations in the New York market. Broach is now below the New York parity. A large business has been done in Broach for forward delivery, but it is regrettable that the major part of this business is done in the bazaar without contracts passing. This has always been the bane of the Bombay market, and it is to be hoped that the Cotton Contracts Committee will find a means to put a stop to such business.

Owing to the holidays little business has been done in ready cotton. Prices have given way all round, particularly for old crop, and any enquiry for new crop is as a rule being met by holders.

Home cables are greatly delayed, and the New York and Liverpool closing cables of Monday last have not yet come to hand.

## THE WAR AND MENTAL UNREST.

"The war is a malady of the soul", says the "Nation"; "and if in the soldier it evokes prodigies of energy and endurance, it saps the moral of the citizen. What has this war done for average men and women? It has offered them a terrible contradiction. It has yielded a freedom such as they never knew before, and yet bound them to an unfamiliar and resented slavery. The restraining power of religion hardly exists; Church and State have issued a common interdict on the faith on which they suppose themselves to rest. One sex has marched out into liberty; while a greater part of the other lies under a strict bond of life and happiness to the State.

"But in the last resort the State is seen to be no master at all. The wage-earner can get nearly anything he likes to demand. Concession follows concession; the example of asking and the habit of getting tend to become universal. Much of this yielding is overdue; but its cause is fear rather than a sensitive social conscience. Thus, year after year are set before thousands of immature minds the temptations of mental unrest, of egoistic striving, of indulgence in the infectious passion of war, stripped of its early idealism, and reduced to the bare horrors of physical conflict, of a profitable seat at its dark and seemingly unending millions. It is high time to set them a new mental tune, and adapt it to more human objects of activity."

# REFORM PROPOSALS.

## BOMBAY PRESIDENCY ASSOCIATION'S SUGGESTIONS.

The following letter has been addressed by the Hony. Secretaries of the Bombay Presidency Association, to L. C. Crump, Esq., I.C.S., Officer on special duty, Constitutional Reforms in the Political Department.

Sir,—With reference to your letter, dated the 12th August, 1918, the Council of the Bombay Presidency Association begs to report as follows; dealing with the subjects in the order of the Summary given in appendix A. of the report of the Right Honourable the Secretary of State and H. E. the Viceroy:—

PARLIAMENT AND THE INDIA OFFICE.

I. The control of the Parliament and that of the Secretary of State should only be modified as the responsibility of the Indian and Provincial Government to the electorates is increased.

II. All charges in respect to the India Office establishment should also be placed on the British estimates.

III. The Council agrees with the proposals.

IV. (a). The Council of India should be abolished and two permanent Under Secretaries appointed to assist the Secretary of State for India, one of whom should be an Indian.

(b). The committee to be appointed to examine and report on the present constitution of the Council of India should contain an adequate Indian element.

THE GOVERNMENT OF INDIA.

V. This should be subject to qualifications and limitations mentioned below in the Report.

VI. There should be no Privy Council for India.

VII. At least half the number of Executive Councillors in charge of Reserved Subjects should be Indians.

VIII. The Council agrees with the proposals.

IX. The appointment of a limited number of members of the Legislature to a position analogous to that of Parliamentary Under Secretaries in Great Britain should be restricted to the elected non-official members thereof.

X, XI. (a). There should be no Council of State as proposed, but, if a Council of State is to be constituted, at least half of its total strength should consist of elected members.

(b). The life of each Council of State, if constituted, should be three years.

(c). The question of the Regulations as to the qualifications for membership of the Council of State should be referred to the Franchise Committee mentioned in recommendation 54 of the report.

XII. (a). The number of members of the Legislative Assembly should be 150, and the proportion of elected members four-fifths.

(b). The President of the Assembly should be elected by itself.

XIII. The Council agrees with the proposals.

XIV. The Council agrees with the proposals, with the addition, "but he should order a re-election and summon the New Houses within four months from the date of dissolution."

XV. The Council agrees with the proposals with the following modifications:—

(a). The Principle of Responsible Government should be introduced into the Government of India and certain subjects should be placed under the control of the Legislature with ministers in charge thereof, as in the case of Provincial Governments.

(b). All legislation should be by bills introduced into the Legislative Assembly; provided that if in the case of Reserved Subjects the Legislative Assembly does not pass such measures as the Government may deem necessary and the Council of State is not constituted, the Governor-General in Council on the certificate of the Viceroy should have power to provide for the same by Regulations, such Regulations to be in force for one year and not to be renewed unless 40 per cent. of the members of the Assembly present and the voting are in favour of such renewal.

(c). The procedure of Certification should apply to the following subjects only. The Army, Navy, Relations with Ruling Princes and matters directly affecting the Public Peace, Tranquility and Defence of the Country.

(d). The following should be added at the end of XV (a), "Provided that any Emergency Measure so passed, should not remain in force for more than one year."

XVI-XX. The Council agrees with the proposals.

XXI. The Legislative Assembly should have power to make or modify its own Rules of Business and it should not require the sanction of the Governor-General.

XXII. The Council agrees with the proposals.

The following further recommendations were adopted by the Council as bearing on this head:—

1. The Government of India acting under the control of the Indian Legislature should have the same power to regulate its Fiscal Policy as the Governments of the Self-Governing Dominions.

2. The Budget of the Government of India should be placed before the Indian Legislature and the procedure for its adoption should be on the lines laid down for the Provinces.

3. There should be an obligation to convene meetings of the Legislative Assembly at stated intervals or on the recommendation of a certain proportion of its members.

4. A Statutary Guarantee should be given that full Responsile Government shall be established in the whole of British India within a period not exceeding 15 years.

THE PROVINCES.

XXIII. The Council agrees with the proposals, subject to the following: Whenever the Government of India exercise their over-riding power of Legislation mentioned in Para. 212, of the report in respect to Transferred Subjects, they should follow the ordinary procedure and not the procedure by Certification.

XXIV. The Council agrees with the proposals, subject to the following: The experiment of partial Responsible Government in the provinces has never been tried in any part of the world ever before and its success in India may be rightly regarded with apprehension. It is, therefore, desirable and necessary that side by side with partial Responsible Government in some provinces, the experiment of full responsible Government should also be tried at least in a few advanced provinces, in order that the results of both may be simultaneously watched and examined. The Council is of opinion that at least in an advanced province like the Presidency of Bombay there should be no Reserved Subjects. With regard to other provinces, the Departments of Law, Police and Justice (prisons excepted) should alone be in the hands of the Executive Government for a period of six years; and the Executive and Judicial Departments should be separated at once.

XXV. The Council agrees with the proposals, subject to the following addition "But there should be no Additional Member or Members without Portfolio."

XXVI. The Council agrees with the proposals.

XXVII. The Council agrees with the proposals, with the addition "and to be placed as regards status and emoluments on a footing of equality with members of the Executive Council."

XXVIII. This should be dropped.

XXIX. The Council agrees with the proposals.

XXX. The appointment of a limited number of members of the Legislative Council to a position analogous to that of Parliamentary Under Secretaries in Great Britain should be restricted to elected non-official members.

XXXI. The Council agrees with the proposals, subject to the following: The enlarged Legislative Council should consist of not less than a four-fifth elected majority.

XXXII. The President and Vice-President of the Council should be elected by itself.

XXXIII. The Council agrees with the proposals, with the addition: "But he should order a re-election and summon the New Council within four months from the date of dissolution."

XXXIV.-XXXVI. The Council agrees with the proposals.

XXXVII. The Legislative Council should have power to make or modify its own Rules of Business and it should not require the sanction of the Governor.

XXXVIII. The Council agrees with the proposals.

XXXIX-XLVI. (a) The Council agrees with the proposals, subject to the following modification: The proposal to institute a Grand Committee should be droped. The provincial Legislative Council should legislate in all matters within the jurisdiction of Provincial Governments including Law, Police and Justice, but when the Government is not satisfied with the decision of the Legislative Council in matters relating to Law, Police and Justice, it should be open to the Government to refer the matter to the Government of India, who may in its turn refer it to the Indian Legislature. If the Grand Committee is, however, to be instituted, the Council is of opinion that not less than one half of its strength should be elected by the Legislative Council.

(b.) The Governor should not have the power to allow a certified clause, bill or amendment to be discussed as proposed in recommendation 43.

FINANCE.

XLVII-XLIX. The Council agrees with the proposals.

L. The Council agrees with the proposals, subject to the following: "It should be made clear that proposals for fresh taxation **referred to in Paragraph 337 of the 'Report,** should be presented to the Legislative Council by the Government as a whole.

The following recommendation was adopted by the Council as bearing on this head:—There should be an obligation to convene meetings of the Council at stated intervals or on the requisition of a certain propoortion of its members.

OTHER MATTERS.

LI. Regarding Local Self-Government.—The Council agrees with the proposals.

III. The Council agrees with the proposals, subject to the following: The re-transfer of Transferred Subjects to the list of Reserved Subjects in case of maladministration should only take place with the sanction of Parliament.

PRELIMINARY ACTION.

LIII. The Council agrees with the proposals, with the addition hat: "This Committee should also be instructed to recommend which of the functions of the Government of India be Transferred Subjects.

LIV. The Council agrees with the proposals, with the addition that "If the Council of State is to be constituted, the Committee should be instructed to make recommendations as to the composition of the Council of State and the qualifications of the members of that Body."

LV. The Council agrees with the proposals.

LVI. A Commission of inquiry should be appointed seven years after the first meeting of the new Legislative bodies and a second Commission should meet after the lapse of another period of seven years.

LXIV-LXVI. The Council agrees with the proposals regarding the Public Services.

LXVII. The Council agrees with the proposals, subject to the following modifications:—

(a) In the Indian Civil Service, the percentage recruited in India should be 50 per cen. of the whole cadre until the position is reviewed by the Commission of Inquiry.

(b) 25 per cent., of the Annual recruitment for the commissioned ranks of the Indian Army should be from His Majesty's Indian subjects.

LXVIII. The recommendations as to rates of pay, incremental time scales, maximum ordinary pension and special pensions, and India Civil Service annuities are disapproved.

LXIX. The Council agrees with the proposals.

# FIRE ON A JAPANESE STEAMER.

## CAUSE AND EXTENT OF DAMAGE NOT ASCERTAINED.

At about one o'clock yesterday morning, a fire broke out in a Japanese Steamer, Kasodo Maru lying in Victoria Dock, No. 6 Shed. The hatch was closed at about midnight after stopping the work, and as soon as fire was noticed, fire engines from all parts of the town at once arrived on the scene. Mr. Greenop at once began pumping water inside the hatch, but as he could not reach the exact spot where the fire was burning his efforts had no material effect for a time, and he had to make a hole on the port side of the hull; the hole was about three feet in diameter and was made by means of oxy-acetyline process. Soon after the hole was made the fire brigade people succeeded in completely mastering the flames, which they could not do before—although they had been trying their level best.

There were about 800 bales of pressed cotton in the hold, and some other miscellaneous cargo. The cause of the fire, as also the extent of the damage, has not yet been ascertained.

# BOMBAY NATURAL HISTORY SOCIETY

A meeting of members and their friends took place yesterday. The election of the following 23 members since the last meeting was announced:—

Lt. A. G. McArthur, I.A.R.O., Dadar, Bombay; Mr. T. E. Love, Quilon; Mr. R Senior-White, F.E.S., Ceylon; The Curator, Central Museum, Nagpur; the Principal, Belgachia Medical College, Calcutta; Major C. H. Browne, Madras; Assistant Surgeon H. Vincent, Poona; Mr. W. Y. Austin, Kaira; Mr. V. K. Namjoshi, Cambay; the Judicial Secretary to Government, U. P., Allahabad; Capt. R. Y. Anderson-Morshead, Trimulgherry; De Directeur, Van Het Algemeen Proefstation, Medan, Sumatra; Mrs. H. A. Marshall, Travancore; Mr. A. L. Sheather, Muktesar, U. P.; Mr. A. A. Graham, Musseorie; Lt.-Col. J. H. V. Barr, Bandar Abbas; Major R. C. Burke, Simla; Miss R. H. Western, Palampur, Punjab; Lt.-Col. the Nawab Sir Asfur-ul-Mulk Bahadur, A.D.C., K.C.I.E., M.V.O., Hyderabad, Deccan; Mr. H. C. Barnes, I.C.S., Naga Hills; Mr. Jamshed Vesngar, Rawalpindi.

With reference to the Society's Journal, the Secretary apologised for the Journal No. 1 vol. XXVI. being so late, but there had been many delays in obtaining some of the proofs from England. He hoped that it would be issued to members in December and the index number (No. 5, vol. XXV.) would be ready soon after.

Prof. Hallberg then read a paper on a Botanical tour in Kashmir.

# THE CIVILIAN v. THE SOLDIER.

TO THE EDITOR OF "THE CHRONICLE."

Sir,—I have read with great interest the letter by "One Who Knows", which appeared in your issue of the 23th and heartily endorse his statements. The only fault is that the floodgates of his wrath were not opened sufficiently wide to merit a little more fury and thunderous rhetoric on his part.

The attitude of the European civilian in India ,more especially in Bombay, has been a very touchy spot in Tommy's armour, and many unkind things have been expressed. I for one will only be too thankful to shake the dust of India from off my feet for ever. The happiest moment of my life will be when I stand on the deck of a homeward bound vessel and watch the receding shores of Bombay fade rapidly behind. How gladly my heart will echo the words of the plaintive song "Good-bye for ever."

"Clothes make the gentleman"; evidently this is a strict rule of etiquette among the European population, the term "Nature's gentleman" not having a place in their creed. Woe betide the unconventional civilian who breaks this rigid rule. He is at once put outside the pale of "decent society" and ostracized by the community.

What a dainty bit of gossip it will provide the ladies over afternoon tea, Mrs. X to Mrs. Z.—"Oh my dear, isn't it terrible, Mr. Y is frequently seen in the company of a common soldier, he takes him everywhere."

Mr. Z.—"Yes, I shall cut him dead the next time we meet."

Civilian, beware, transgress not.

I am sorry to say there seems to be quite a large number of that peculiar species known as "Calafeet" in Bombay. "And the mighty shall tremble in their seats" seems very applicable one will never know how many fervent prayers were breathed at the news of the cessation of hostilities, not for the cause of humanity, but the prayer for ego, for deliverance from the khaki which eventually they would have had to don, and cease playing at soldiers.

When might the civilian population contribute for a sumptuous feed to be given to the Boys in Khaki and the Boys in Blue. Money earned at the expense of their less unfortunate comrades, who have sacrificed everything and given their life if needed to the call. The excuse tendered by many is "business" "cannot be spared."

If they died would the world stand still?

Here the Civilian is in his own idea and estimation a demi-god. Arrogance, is written large all over him. Buying the poor native comes naturally to him. If he could only see what a poor figure he cuts. What is he in his own country?—why, often a wreck, a failure!

I have seen many poor devils of humanity, derelicts, shuddering on the Thames embankment, without a home, but with whom I would prefer to shake hands sooner than the average civilian residing here.

My advice to them to use the words once uttered by Cassar, is, "I came, I saw—" for the third, may I add my own —"I died."—Yours, etc.

"STEADFAST."

every one of the Company. He heard nothing at all defamatory to complainant's character. The report about complainant was always of a favourable nature. He was in the theatrical profession for the past seventeen years and he had been in America.

Cross-examined by Mr. Weldon, witness said he knew the complainant in his professional capacity—as a doctor of the Company.

The hearing was adjourned to Monday, December 2.

# MAJESTIC HOTEL ASSAULT CASE.

## COMPLAINANT'S CHARACTER.

Mr. A. H. S. Aston, Chief Presidency Magistrate, resumed the hearing, yesterday, of the case in which Superintendent Canty charged Mr. Richard Wheeler, proprietor of the American Vaudeville Co., with causing grievous hurt to Captain Cecil Webb-Johnson, R.A.M.C., and with the theft of a photograph worth Rs. 5, the property of Captain Cecil Webb-Johnson. Mr. Payne, solicitor, appeared for the prosecution. Messrs. Weldon and V. F. Vicaji, barristers-at-law, with Mr. B. J. Dhondy, defended the accused.

Major Austen, R.A.M.C., examined by Mr. Payne said he was the officer-in-charge of the Station Hospital at Calcutta. Complainant was his second-in-command. He could speak very highly of complainant as a medical man. Complainant also bore a very good reputation, socially. There was not the slightest truth in the statement that complainant had led a fast life. He (the complainant) was very regular in his work. Witness had dined at the United Service Club, one night, when complainant and Miss Dolan were present. When he saw complainant in Calcutta about a week ago he (complainant) was considerably changed. He was nervous, his hands were shaking, and seemed like a man suffering from shell-shock.

Cross-examined by Mr. Weldon, witness said he was a great friend of the complainant. Some of the latter's associates were also his associates. He was a married man. He had never heard a single word of rumour about complainant.

Ponnuswami, complainant's bearer, was recalled. Asked by Mr. Vicaji, witness said he had occasion to hunt for a shoulder-strap on the morning of assault, but could not find it. The accused asked him to pack his master's goods and go out. That morning his master had also told him that he (complainant) was leaving Bombay that day.

COMPLAINANT RE-CALLED.

The complainant was re-called. Questioned by Mr. Weldon, witness said he never had his nose broken before. When he said in his cross-examination that he was on friendly terms with accused, witness merely meant there was no quarrelling.

Captain Stanley Webb-Johnson, examined by Mr. Payne said he was a Captain in the East Surrey Regiment, but was at present employed as Instructor in the Officers' School of Instruction at Bangalore. He was the brother of the complainant. He had visited his brother nearly every year since they had been in India, and had never heard anything detrimental to the social or moral character of the complainant. He was at Abbotabad in September last when his brother, the complainant, wrote him advising him that he was engaged. They were a large family and all his brothers were engaged in the war some of whom had won distinction.

Cross-examined by Mr. Weldon witness said his brother merely wrote and advised him that the girl with whom he was engaged was an American dancer. His brother sent him her photo when he asked him to do so, and mentioned her name. As a prospective brother-in-law witness did not write to Miss Dolan to congratulate her.

DR. NUNAN'S EVIDENCE.

Dr. W. Nunan was the next witness examined. He said that on the evening of the day in question he went to give his medical advice to Miss Barry, a member of the party of the American Vaudeville Company. He was treating her for fever. When he went to Miss Barry's room, there were present there Miss Dolan, and the accused besides Miss Barry. Miss Dolan was crying, and the accused was walking up and down very excitedly. Accused told Miss Dolan to go and see her lover then. Witness asked accused to leave the room, as Miss Dolan was much worried that day. After the accused had left the room, witness asked Miss Dolan who the person referred to by the accused was when he spoke of her lover, when Miss Dolan replied that accused had hit the complainant on the eye, and asked her to see him in that condition.

Col. Francis Cunningham Hughes, Assay Master in the Royal Mint, Bombay, said that before coming to Bombay he was in Calcutta for about twelve years. He knew the complainant in Calcutta for about four years. As far as he knew, complainant had an excellent reputation. When his wife was ill he called in complainant to treat her. After this case was started, when witness's child was ill at Khandalla, witness asked complainant to go Khandalla to treat the child.

Cross-examined by Mr. Weldon, witness said that he was Assay Master of the Mint in Calcutta, and was a great friend of the complainant. He never heard any rumour about complainant defamatory to his character.

Mr. F. J. Gratian Geary then gave evidence. He said he was at present Assistant Collector of Customs. He was in Bombay for about three months. Before that he was in Calcutta. He knew the complainant in Calcutta for about four years. Complainant had a good reputation, and he never heard any rumour about complainant, morally or socially.

Cross-examined by Mr. Weldon witness said complainant was his great personal friend. He never heard any rumour about complainant. He would be surprised to hear that any rumour existed.

Captain Alfred George Rodgers said he knew the complainant since March 1911. He did not personally know the family of the complainant. He did not know whether complainant was married or not.

Mr. Roy Henry Smith, the next witness, said that he was the representative and Manager of the Bandman Theatrical Company. During the last four years he had been in Calcutta with complainant off and on. Captain Cecil Webb-Johnson was their medical adviser who attended practically

## 1919—20 MUNICIPAL BUDGET

### CONSIDERATION IN STANDING COMMITTEE.

A meeting of the Standing Committee of the Bombay Municipal Corporation was held yesterday, Dr. S. S. Batliwala presiding, when consideration was given to the Budget estimates for the year 1919-20 received with the Commissioner's letter dated the 5th November, 1918.

The Chairman said:—The changes which our energetic Commissioner has introduced in the form of the Budget, have greatly facilitated our work and we are now in a position to study the variations under each head and the programme for the ensuing year at a glance. You must have seen that the current year opened with a working cash balance of 40.27. We had provided for a deficit of 43, on the year's transactions, but the Commissioner now estimates that the actual deficit will amount to 6.27. The increase in income being only 16.03 against the estimated increase in expenditure of 22.30. The working cash balance at the beginning of the ensuing year has therefore been estimated at 34. It is proposed to provide for a deficit of 8.80 for the year 1919-20. Thus the closing balance on the 31st March, 1920, would be 25.20, from which it is proposed to advance Rs. 2,27,500 for the purchase of plant and machinery. These are the outstanding features of the new Budget. We shall now examine the proposals which will contribute to this result: The Commissioner estimates that the total expenditure for the year 1919-20 will amount to 1,78,70,000, showing an advance of 25.89 on 1918-19. This is a formidable increase and the question which we should at the outset consider is whether all this increase is justifiable or whether we can curtail the expenditure without impairing efficiency. Our Commissioner points out that the causes contributing to this rather unprecedented increase are war and famine. The dreadful conflict has happily come to a triumphant termination, no doubt, but its disturbing effects cannot be expected to subside for some time and I am sure you must all agree with me that the Commissioner has taken the right view of the situation in continuing to provide for the works at the prevailing high rates for materials and labour. The principle factors contributing to the increase in expenditure are enumerated in the note prefixed to the Budget. You will see therefrom that the largest increase is under streets and buildings, viz., 6.30. No one will grudge this enhanced expenditure on roads and lighting, but we may express the hope that this will lead to an appreciable improvement in the condition of our roads. We do not know whether these estimates include the cost of improving the foundations of some of our roads. It seems the grant only covers repairs and maintenance, but it is time now that we should consider every year at the Budget time the desirability of providing some amounts for this important item, absolutely essential for the proper maintenance of roads, and I trust our able Commissioner will suggest some ways and means.

### INCREASED EXPENDITURE FOR EDUCATION.

The increase under extraordinary allowances and contribution to the Improvement Trust call for no remarks and we practically welcome the increase of 1.30 under education. But I should like to make a suggestion in regard to this item. The present practice is to provide for any increase that the Schools Committee decides without any scrutiny either by the Commissioner or by the Standing Committee. Now I do not wish to suggest that we should sit in judgment on the demands of that Executive Committee of the Corporation, but it seems to me that considering the fact that we have increased the expenditure on education cent. per-centum within five years and that it will continue to grow every year we must have some guarantee that the programme of expansion is drawn up and carried on right lines. Without in any way wishing to disparage the worth of the personnel of that Committee I think I might point out that there are educational experts on that Committee and it is for consideration whether the Corporation or the Schools' Committee should not arrange for a conference with a few experts to discuss their programme of education with them with a view to ensuring the educational needs of the city being met by the Corporation as expeditiously and as economically as possible. This would give us and the city an assurance that the moneys we vote will be spent in the right direction. I should like to have your views on this question and would propose that if you agree with me we should make that suggestion to the Corporation in our note on the Budget.

### INCREASED INCOME.

Turning to the income side, we find that the Commissioner estimates the income for the year at 1,69,90,000, showing an advance of 17,62,150 on the current year. On the basis of the rates of taxation for the current year the water receipts would amount to 29.46 against an estimated expenditure of 25.46. As we cannot legally make a profit on the water supply the Commissioner has proposed that the water tax on valuation be reduced by ½ per cent. and that all rates for supply by meter measurement above 6¼ annas per 1,000 gallons be reduced to 6¼ annas. I should, however, like to make sure in the first instance whether any important works for the improvement of the water supply which can be called out during the next year have not been excluded. The Commissioner has been good enough to favour me with a list of such works from which I find that we might provide for the following works in the next Budget. "Improving water supply in wards B. C. and E. (Rs. 75,000 already included in the Budget)—175,000." If this is done the necessity for reducing the meter charges will be obviated as suggested by the Commissioner. Moreover, I should like not to change these meter rates almost every year. The slight reductions we allow do not help the mills or other industries to any appreciable extent and it is certainly desirable that these meter rates should not be varied from year to year. But there is a third alternative of balancing the water budget. If we reduce the water tax on valuation by one per cent. instead of ½ per cent. we shall be giving substantial relief to the house-owner who has been rather hard hit owing to high prices of materials and labour and also to a certain extent in some cases by the Rent Act. It is for you, gentlemen, to consider whether this would be a more suitable arrangement, though I, for one, would prefer the second alternative. It will be urged that it would not be equitable to give full relief to house-owners and nothing to trade, but I need not state that the trade will not feel the relief at all by the proposed reduction of one and a half anna per 1,000 gallons and that moreover the existing meter rates are low enough and it is not desirable to vary these meter rates from year to year. The Commissioner proposes an increase of ½ per cent. on the General Tax so as to reduce the deficit from 12.30 to 8.80. The reasons for this increase are to my mind very sound. To reduce taxation and at the same time to budget for large deficit is very unsound in principle. The Commissioner has very lucidly explained the reasons why in view of the abnormal conditions now prevailing it is not quite necessary to provide for an equilibrium between income and expenditure and that this is a year when it would be permissible to prepare a deficit budget. I hope the Standing Committee will endorse that view and also that they will not entertain any proposal to augment the deficit. If the Committee reduce the water tax by a half or one per cent., then I think the landlord will have no grievance whatever, but even if it is not, I should certainly think that we should not provide for a larger deficit than 8.80.

I should not take up your time any longer, gentlemen, I shall only add that I trust I am echoing the sentiments of all of you when I say that we appreciate very highly the care and labour bestowed by our indefatigable Commissioner on the preparation of this Budget.

Further discussion was adjourned.

## INDIA IN LEAGUE OF NATION.

(From a Correspondent.)

KARACHI, Nov. 26.

At the annual meeting of the Sind Provincial Congress Committee, after the adoption of the secretaries' annual report and the statement of accounts and the election of office bearers and the executive council, a number of important resolutions were passed relating to the recent political developments. The first resolution urged that at the Imperial War Cabinet in the discussions on peace and reconstruction Lokmanya Tilak, who had been unanimously elected the President of the Delhi Congress, should be associated as the accredited representative and spokesman of the Indian People with Sir S. P. Sinha who has no credentials to speak on behalf of the People of India at the War Cabinet and is an official and a nominee of the Government. The second resolution demanded that the application of the principles of self-determination and universal democratization to India should be considered and conceded at the forthcoming meetings of the Imperial War Cabinet, the Inter Allied Conference and the Peace Conference. The third resolution was that the Committee was strongly of opinion that the forthcoming Congress at Delhi should adopt a memorial containing India's demands for submission to the Peace Conference through India's representatives and that a copy of that memorial should be cabled to Lokmanya Tilak for circulation among the members of the Peace Conference. The fourth resolution urged that in any scheme of a League of Nations adopted India should be represented on terms of equality with the Self-Governing Dominions by representatives elected by the elected Indian Members of the Imperial Legislative Assembly. Telegrams were despatched to the Premier, the Secretary of State, the Viceroy, Sir S. P. Sinha and Lokmanya Tilak in terms of the resolutions passed.

## THE HOOKWORM DISEASE.

### LORD RONALDSHAY'S ADDRESS.

(ASSOCIATED PRESS.)

CALCUTTA, Nov. 28.

His Excellency Lord Ronaldshay addressed this morning the special committee of the Sanitary Board constituted to devise measures against the hookworm disease. In the course of his address the Governor said that he had been struck with the extreme inadequacy of the machinery which they possessed for dealing with vast and vital question of public health. It seemed to him that they should possess in each district a public health organization. The first step in this direction must necessarily be the appointment in each district of a properly qualified Health Officer. Continuing, his Excellency said "I have decided to ask local self-governing bodies to follow the example set by the District Board of Burdwan and to appoint after a specified date fully qualified Health Officers for their districts. This brings to the fore the question of the training of young medical men in sanitation and hygiene. Calcutta ought most assuredly to have a first rate school of hygiene and we are taking steps to see that her requirements in this respect are no longer neglected. I hope that we shall be able to provide for this purpose [illegible] rupees from provincial revenues in the next budget. This will enable us to [illegible] sum of one lakh of rupees annually from the Indian [illegible] and I hope, therefore, [illegible] far distant when we shall see a [illegible] up-to-date school of hygiene rising on the site now occupied by the condemned police morgue and thus rounding off the project for a school of tropical medicine for which Sir Leonard Rogers has worked with such patience and with so much zeal. In the meantime I am assured by the Surgeon-General and the Sanitary Commissioner that pending the establishment of such a school they can undertake to arrange a course of instruction which will enable young medical men to obtain the Calcutta diploma of public health which will be regarded by us as the equivalent of the British diploma for the purpose which we have in view.

Now I come to the matter about which I desire more particularly to seek your advice and assistance to-day. You are all in possession of the letter which I addressed to the Chairman of the Sanitary Board on the subject of hookworm infestation on the 21st of September last. In that letter I brought together the information which we at present possess as to the prevalence of the disease in Bengal and there is no necessity therefore for me to travel over the same ground to-day. The outstanding factors in the situation are (1) the extreme prevalence of the disease and (2) the ignorance which exists generally as to its nature and even as to its existence." After giving some facts about the origin of the disease and its effects his Excellency said "Under these circumstances the best prospects of success seem to lie in our taking action in two directions. First, we must endeavour to educate the public upon the question. Work of this kind will be slow in bearing fruit but it is none the less essential since any comprehensive measures that it may be possible to take in the future must be based upon a wide diffusion of knowledge. Secondly, in view of the general ignorance of the matter at present prevailing any definite action against the disease which we may contemplate should be undertaken amongst those classes of the population over whose lives and habits it is possible to exercise some measure of supervision and control. Hitherto our experiments in Bengal have been carried out in the case of the jail population and the labour forces on some of the tea gardens. The treatment given in these cases has been crowned with a gratifying measure of success and we are justified in believing therefore, that much may be achieved by extending our work to other groups of the population which are similarly placed, such for example as the labour forces in the coal-mining areas, in the mill areas, in the tea gardens, in the railway's workshops, and so on."

## A BAD RAILWAY ACCIDENT.

(ASSOCIATED PRESS.)

CALCUTTA, Nov. 28.

A bad accident occurred on the southern section of the Eastern Bengal Railway near Calcutta on Wednesday evening which but for the fact that the passenger train involved was travelling slowly at the time must have taken a heavy death-roll. A passenger train left Calcutta south (Belliaghatta) station at 18-28 standard time for Diamond Harbour The train was travelling fairly slowly when on passing the Tiljalla cabin, which is a mile away it ran into an up goods special which was lying across the track at right angles. The engine of the passenger train cut its way through the obstruction and the shock of impact caused a panic among the passengers many of whom jumped from the train. The goods special, it appears, was on its way to Dum Dum and had passed the Tiljalla cabin where the line deviates, when it broke in two and the engine and first half proceeded while the rest of the train rolled back and fouled the crossing at Tiljalla. The driver and firemen of the passenger train engine had a miraculous escape and suffered only a severe shaking. The head stock and cow-catcher of the engine are badly damaged, while a couple of wagons and a bogie third-class carriage immediately behind were smashed and derailed. Three or four wagons of the goods train were wrecked and thrown bodily off the track.

There were serious reports at a late hour last night as to the number of passengers injured. One report says that ten persons were removed to the hospital, while from an authoritative source it was learnt that five or six persons were injured and that no lives were lost. The railway authorities on learning of the accident requisitioned motor ambulances and the injured were speedily removed to the hospital. A relief train in charge of the District Traffic Superintendent was soon on the spot and a large number of coolies were got to work. In a short time the debris on the Up line was removed and the line cleared for the running of trains. The Down line is expected to be cleared in 24 hours.

## TRAVANCORE'S FINANCE.

(From our Correspondent.)

IRIVANDRUM, Nov. 28.

An official memorandum has just been issued for the year, 1917-18. It shows:—

In spite of war conditions the year was prosperous. The revenue was Rs. 165,90,000 and ordinary expenditure Rs. 161,56,000, resulting a surplus of Rs. 4,34,000. The last year's income exceeds that of the previous year by Rs. 2,46,000. The Salt Revenue increased by Rs. 6,60,000. Customs by Rs. 20,000 chiefly under the Sea Customs Export and Land Revenue by Rs. 44,000. The expenditure last year was Rs. 8,32,000 more than the year previous. Education alone showing an increase of Rs. 1,56,000 over the previous years figures.

SHARES.

The communique published this week for the levying of 50 per cent. Excess Profit tax has accentuated the depression that has dominated the Share market for several weeks past; and a further fall of some magnitude has occurred in the value of all scrips.

Immediately following the publication of the outlines of the new taxation, panicky conditions prevailed, and there was a rush to sell at any price. Big scrips like Madhowjis, Nagpurs, and Kohinoors suffered a decline of fully Rs. 200 and smaller shares in proportion. This important declension however drew several Bears whose covering transactions caused a small rally; with the result that the market closes a shade steadier than when it opened.

Both the yarn and cloth markets continue in the same drooping and despondent condition previously reported, and until indications are forthcoming of a revival in demand or a healthier tone, it would be futile to hope for an improvement in the share Bazaar.

The industrial section has likewise shared the depression prevailing in cotton mill shares, and the selling disposition has been in marked evidence. The most important slump, however, has been in Tata Irons, and the very Bulls who had been buying heavily round Rs. 1,500 some time ago have been seen this week unloading holdings even at Rs. 850.

## SUGAR MARKET REPORT.

BOMBAY, Nov. 29.

We have nothing special to report in our market which ruled quiet but steadier throughout the week with good demand and prices remain unchanged. There was a better feeling in the market during the beginning of the week and again eased with many sellers. Some of the native holders have become very nervous and are selling their holdings at market price. Karachi and Calcutta markets are rather easier without any business doing. Java market is steady but so far no business is reported. The s.s. Banka has sailed from Java with 50,000 bags for Karachi and 36,000 bags for Bombay. Reports from Mauritius state that Government have bought all the crystals excepting 30,000 tons to be shipped to India.

The following are the Bazar rates and stocks:—
T. M. O. Rs. 18-8-0 to 18-14-0 eq. 24s. F. B. H. stocks 70,000 bags.
Brown Rs. 17 to 18-14-0 eq. 21/6s. F. B. H. stocks 1,000 bags.
Soft Rs. 20-8 eq. 25s. F. B. H. stocks 4,000 bags.
Mauritius Crystals Rs. 17-4 to 19-4 stocks 200,000 bags.
Mauritius Syrups Rs. 16 to 17-8 stocks 18,000 bags.
Arrivals from Singapore 10,000 bags Java sugar.

## CALCUTTA SHARE MARKET.

(Associated Press.)

CALCUTTA, Nov. 28.

The market ruled dull and uninteresting with no feature of interest. Jute mill shares ruled quiet with only a small business passing. Howrah opened at Rs. 47-8 but ruled slightly easier towards the close. There was only a small trade in coal shares with prices slightly easier. The industrial section was not at all well supported. The market will be closed on Friday and Saturday. The following were closing quotations:—

Coal: Baraboni 18, Bengal Nagpur 85-8, Jumoni 15-8, New Kardah 14-12, Phularitand 15-4, Sendra 24, South Govindpur 12-4 S. I., Sowardih 25-8, Sudamdih 5-8.

Jute: Howrah (ord.), 45-12, Kamarhatty (ord.) 49-2, Northbrook, (ord) 45, Reliance (ord.) 31-12.

Miscellaneous: City Flour 26, Indian Tanneries 17-4, Raneegunge Tea 115.

Government paper 3½ per cent., was quoted at Rs. 77 to 77-4 and small lots were done at Rs. 77-8 to 77-12.

## PIECE-GOODS.

The week under review has been devoted to the Armistice celebrations and very little attention has been given to business. Buyers have been scarce and the demand has therefore been very poor. This has always been the case in a declining market, when purchasers are afraid to buy lest prices may go down still further. Values have actually been going down from day to day, but one cannot always be fortunate enough to be able to purchase when prices have actually reached the bottom, as it often happens that the market is missed by waiting. The outlook at present is quite uncertain, although the tendency seems to be for a decline rather than an advance for various reasons. The famine in Gujarat and Kathiawar has curtailed the demand. There are heavy stocks lying in the hands of anxious sellers, who are forcing sales from time to time. Upcountry markets have been sending their goods for resale here owing to the absence of demand in some of the districts. The tightness of the money market has caused inconvenience to the trade and the talk of heavy losses in the Cloth Market has resulted in the loss of credit to the piece goods dealers. Moreover dealers do not even to take legal steps rather than settle the matter but trust each other in the market and threaten to take legal steps rather than settle the disputes amicably. Merchants, who have coined money during the war period and have not given any heed to the warning given in these columns, have been caught napping by the sudden news of peace and high-priced goods have been left over on their shoulders which they now find great difficulty in disposing off even at heavy sacrifices, and they have to thank themselves for this result. The proposal to levy the excess-profits tax has been confirmed, but the Government will get little out of it from the piece-goods dealers, whose books will show losses, as the low valuation of the stocks in hand will more than counter balance the huge profits actually made.

The strength of the Manchester market is a point in favour of the merchants and if it remains so for the next twelve months, a fair improvement in the local market may be looked for, but many have doubts as to the firmness being maintained for such a long period during the time of peace, as the adjustment of prices will have to take place gradually. Of course, it will take a considerable time for values to go down to the pre war level, as the continental demand will keep the manufacturers well engaged for months ahead. But at the same time the output will be considerably increased, and with shipping facilities the goods will be forwarded freely to their destimtions.

GREYS.

In Grey Shirtings there has been a further decline. Red End Shirtings show a reduction of eight annas per piece. 43 inches by 39 yards Gold End Shirtings as well as Dewhurst's 38 inches standard cloths have dropped down by four rupees per piece, owing to forced sales. Drills have been easier by two rupees. Jaconets have not shewn any change. 30 inches by 18 yards low quality Mulls No. 1030 being in the hands of one big dealer have remained steady.

Japanese goods have shewn considerable decline in some well-known qualities owing to the sales made by public auction. At present the auctioneers are having a good time at the expense of those who have speculated heavily and are unable to take deliveries. It is not gratifying to note that some dealers have flatly refused to take up the goods which they have bought on the plea that the buyers who have purchased from them have not fulfilled their part of the contract. Contracts have been made between principals and one cannot shirk his responsibility and throw the obligation on a third party. This has been the result of reckless trading beyond one's means, solely to pocket the profits on speculative transactions, and not for the purpose of bonafide business. Goods have been ordered in very large quantities far more than the demand warrants, and shipments are now arriving quickly, which will no doubt glut the market, and put the merchants to considerable difficulty. This is a time when the honesty of the dealers will be put to the severest test.

Local Mill Cloths have remained quiet with hardly anything being done.

WHITES.

White Cloths have been easier. Shirtings have shewn a reduction of one to two rupees per piece. 54 inches by 20 yards Fine Mulls can be had at a rupee per piece less. 39 inches by 20 yards Gold End Mulls have declined by six annas. Tape border Nainsooks have dropped down in price to the extent of further eight annas per piece. In White Dhooties the position has been worse and owing to heavy decline dealers will have to lose a good deal.

YARNS.

The Yarn market has been dull and drooping due to the absence of demand and the want of financial facilities. Stocks of Japanese Yarns are fairly large, which has had the effect of depressing the market. Dealers wish to have their forward contracts cancelled with Japanese firms, but as large profits have been made by the spinners and middlemen, they have not succeeded in doing so. The goods ordered are over and above requirements and unless some arrangement is arrived at amongst the sellers to fix the rates, prices will drop down still further. Replacing costs in Lancashire as well as Japan are very much higher than current rates, which makes fresh business impracticable.

Lancashire Grey Yarns are quoted as under:—
30s. Yarns Best per lb. Rs. 1-12-0.
30s. Yarns Ordinary per lb. Rs. 1-10-0.
40s. Yarns Best per lb. Rs. 2-4-0.
40s. Yarns Ordinary per lb. Rs. 2-0-0.

## THE NEW MOFUSIL CO., LD.

The Twenty-eighth Ordinary General Meeting of the Shareholders of the above company was held at its registered office at Hummum Street, Bombay, under the chairmanship of Mr. Devidas Madhowji Thakersey.

In the course of the Directors' report it was stated:—

The Directors beg to lay before the shareholders their report and the balance sheet and the profit and loss account for the year ending 30th June, 1918.

The Cotton Crop during the season was a very poor one, and the total number of bales of cotton pressed in your factories was 62,036 against 53,005 the year before. Besides this 31,206 bales of Bhusa were pressed for Government by two of the Company's Presses.

The profits of the year including Rs 42,612-1-7 brought forward from last year amount to Rs. 3,56,115-1-3, from which your Directors have set aside to Depreciation Account Rs. 50,000, and from the remaining sum of Rs. 3,06,115-1-3 your Directors recommend a dividend of Rs. 50 per share together with a Bonus of Rs. 20 per share, which will absorb Rs. 218,750 and the balance of Rs. 87,365-1-3 to be carried forward, from which the gratuity to the widow of the deceased old servant and donation towards the Central Provinces War Relief Fund as mentioned below, if sanctioned by the Shareholders' will be paid.

The Directors also recommend that a sum of Rs. 979-14-0 be paid to the Central Provinces War Relief Fund on 5,007 Bojas and 10,671 Bales ginned and pressed at Amraoti Factories in the Berars, which has been paid by all the factory owners.

Your Directors have put up a new Press Factory at Hubli, which commenced working in May last and have invested a sum of Rs. 60,000 in 1928 War Bonds.

As you will see from the report your Directors have invested Rs. 10,000 in the 1928 War Bonds, not so much for the sake of investment as from our desire to tender the Company's mite towards the object with which War Bonds were set afloat in the same as so many merchants and other public companies in our city have done.

The Directors' report and the audited accounts for the year ended 30th June, 1918 were received and adopted. The dividend and bonus as recommended by the directors were declared. Mr. G. H. Bowman, who was due to retire, was re-elected a director.

A sanction of one anna per bale and one anna per 'boja' pressed and ginned at the Company's factories at Amraoti in the Berars which were out of combination amounting to Rs. 979-14-0 for the Central Provinces War Relief Fund, was granted.

The widow of Mr. Burjorji B. Sethna one of the Company's oldest servants was granted gratuity of Rs. 2,500. In the case of another servant of the Company Mr. G. S. Shinker who died after 18 years' service, a gratuity of Rs. 2,000 was sanctioned. A special Victory Bonus equivalent to one month's salary for the whole staff was also sanctioned.

## ALLIANCE COTTON MFG. CO., LD.

The thirty-sixth Ordinary General meeting of the above Company was held yesterday, at its registered office at 73 Apollo Street, Bombay, the Hon. Mr. Purshotamdas Thakurdas, Chairman of the Board of Directors, presiding.

In the course of the Directors' report it was stated:—

Your Directors beg to submit their report together with the audited Balance Sheet and Profit and Loss Account for the year ended 30th June, 1918.

During the period under review, the working of your Company has resulted in a net profit of Rs. 1,77,242-15-5 including the balance of Rs. 1,833-7-7 brought forward from last year's account. The result would have been better, had it not been for the serious breakdown of the Engine affecting major part of your Mill machinery during two months and a half from 25th February, 1918, to 3rd May, 1918.

Out of the aforesaid profit, Rs. 2,000 have been credited to the Insurance Fund as required by Article 142, leaving a balance of Rs. 1,75,242-15-5, from which your Directors have carried Rs. 1,07,000 to Depreciation Fund, and Rs. 12,000 to Reserve Fund leaving a balance of Rs. 56,242-15-5 available for distribution, and your Directors recommend disposal of this as under:—

| | Rs. | A. | P. |
|---|---|---|---|
| To Divident at Rs. 7 per annum on 7,000 shares of Rs. 7,00,000 free of Income Tax ... ... | 49,000 | 0 | 0 |
| To provision for Income Tax | 3,100 | 0 | 0 |
| To bonus to Staff ... | 3,500 | 0 | 0 |
| To balance to be carried forward ... ... | 642 | 15 | 5 |
| Total ... | 56,242 | 15 | 5 |

The Directors' report and audited Balance Sheet, with Profit and Loss Account for the year ended 30th June were received and adopted. A dividend at Rs. 27 per annum was declared.

The Hon. Mr. Purshotamdas Thakurdas and Mr. Bhaevandas Purgovindas, who were due to retire were re-elected directors. Old auditors were re-appointed.

## DAILY WEATHER REPORT

Summary of observations recorded at 8 hours on Friday, the 29th November 1918, giving data for the preceding 24 hours.

The Punjab.—Skies are clear or lightly to moderately clouded. Humidity remains below normal in the north Punjab. Night temperature is in excess at Ambala.

Th Uenited Provinces.—Skies are lightly clouded in the east and are moderately or heavily clouded in the west of the division. Humidity is in defect at Allahabad. N'ght temperature is in excess at Agra.

Sind and Rajputana.—Kotah reports 0.15in. of rain. Skies are clear in Sind, but are moderately clouded in Rajputana. Humid'ty is below normal except at Kotah. Day temperature is in excess at Bikaner; night temperature is above the average at most stations in Rajputana.

Bujarat, Kathiawar and Central India West.—Skies are lightly or moderately clouded. Humidity is above normal in the south of Gujarat and of Central India West, but continues below it in Kathiawar. Day temperature is above the average in Central India West and locally elsewhere; night temperature is above normal except at Bhuj and the excess is considerable in Central India West.

The Central Provinces.—Skies are slightly or moderately clouded. Humidity has risen and is now above normal except in the north-western districts, where day temperature is above the average. Night temperature is higher and is now above normal throughout, the excess being considerable in places.

The Konkan.—Rain has fallen locally. Karwar reporting 0.36in. and Ratnagiri 0.19in. Skies are lightly or moderately clouded. Humidity is above normal throughout. Day temperature is in moderate defect except at Bombay; night temperature is above the average everywhere.

The Bombay Deccan and Hyderabad.—Nearly general rain has fallen in east Hyderabad; Nizamabad has had 0.37in. and Hyderabad 0.31in. Skies are moderately or heavily clouded. Humidity is in moderate or considerable excess. Day temperature has fallen throughout and is now in moderate or considerable defect in the southern half of the division; night temperature continues above the average, the excess being considerable in the north Bombay Deccan.

General Remarks.—Rainfall has decreased on the west coast and has extended into east Hyderabad, where it has been nearly general. Rain has also fallen locally on the Madras coast, in the Madras Deccan, the Konkan and south-east Rajputana. A low pressure area lies over Gujarat, Kathiawar and Rajputana and weather is unsettled and cloudy over the whole of the reporting area with the exception of Sind and the south-west Punjab. Night temperature is above the average in the central parts of the country and the northern half of the Peninsula.

Some extension of rain appears probable in the Deccan, Rajputana, and the central parts of the country.

## STANDARD BAROMETER READING.

The following information is published in order that vessels in the Bombay Harbour may by comparison with a standard instrument ascertain the errors of their barometers:—

The reading of the Standard Barometer in the Colaba Observatory corrected for index error and reduced to 80 deg. F. and to the level of the tide at 8-45 a.m. Standard Time, on the 29th November, 1918, was 30.105 inches. For temperature corrections applicable to mercurial barometer of ships the reading of the ship's barometer has to be increased or decreased by .019 inch for every 5 degrees according as the temperature of the attached thermometer is respectively below or above deg. F. In case of the aneroid no temperature correction is needed. But for comparison at 80 deg. F. all anercid readings should increased by .138 inch. For correcting the ship's barometer either mercurial or aneroid for the height of the barometer cistern above the tide level in the stream at 8-45 a.m., Standard Time, the ship's barometer readings should be increased by .010 inch for every 10 feet of the height to make it comparable with the observatory barometer reading given.

## Your Baby's Smile

WHEN, for the first time, your Baby lay and smiled up into your eyes, it was little short of Heaven itself that opened in your heart. And from that moment, something more was added to your mother-happiness: you knew your little one was content and happy too.

A happy baby makes a happy mother, but neither you nor your baby can be fully happy unless his food is right. That is why you will always nurse him yourself if you can—you *know* breast milk is the best for your darling.

But if you cannot nurse baby yourself—try Glaxo first. Glaxo is next best to Mother's milk because it is pure, fresh cow's milk, made germ-free by the Glaxo process which transforms the abundant life-giving elements into a form as suitable for easy assimilation by Baby as is Mother's milk itself.

And Glaxo has one other great point in these days of hurry and strife—it is easy to prepare. Just add boiling water—that is all you have to do.

## Anxious Mothers

MANY mothers are worried about the changing of Baby's Food from time to time. The Food that suits at six weeks of age will not suffice at six months

The 'Allenburys' Foods are the only system of Infant Feeding that provides for Baby's needs step by step—a progressive dietary suited to Baby's growing digestive powers from birth onwards.

The juice of grapes, oranges, or meat juice so beneficial to the hand fed baby can be given with these Foods, and instructions are furnished on each package.
